WORK EXPERIENCE:

1/1/2009-Present

Private practice of psychiatry with emphasis on forensic, adult, psychopharmacology, neuropsychiatry, geriatric psychiatry and new drug research and clinical testing. Dr. Kaye's practice is entitled Neil S. Kaye, MD, PA, and is located at 614 Loveville Rd., Suite F-1A, Hockessin, DE 19707. Dr. Kaye is equipped to do clinical research including polypharmacy interaction profiling, physical examinations, ocular screening, labs, cardiograms, genetic sampling, ordering and interpretation of CT, MRI, fMRI, SPECT, PET, and genetic profiles.

1/1/2007-12/31/2010

Founder and President, Tangier History Museum & Interpretive Cultural Center, a tax exempt, charitable corporation established to create an interactive museum/library/visitor's information center for visitors to and residents of Tangier Island, VA, that will document the history of the island and its people and aid in their interpretation. The Visitors Center/museum will have a special focus on the role of transportation in our history. It should increase tourism. People coming to the Visitors Center/museum will gain a better knowledge and appreciation for Tangier Island and its unique transportation issues, culture, ecology, economy, history, arts, present challenges and future potential in an effort to make more people love and want to protect Tangier Island and the Chesapeake Bay. THMICC wants to help preserve the natural and cultural resources of Tangier Island and of the Chesapeake Bay. THMICC will foster and stimulate appreciation of our surroundings and living history through the creation of the Visitors Center/museum and interpretive cultural center, a History Trail, Water Trails and a boardwalk and Nature Trail.

1/1/2007-12/31/2008

Physician's First Insurance, Board of Directors and Founding Member. Helping to create a Risk-Retention Group Captive Insurance Company to provide medical malpractice to physicians throughout the DelMarVa region.

RESEARCH:

Paroxetine v. Placebo in Obsessive Compulsive Disorder	1991-1993
Paroxetine v. fluoxetine v. Placebo in Depression	1991
Paroxetine v. alprazolam v. Placebo in Panic	1992-1994
Fixed Dose DN 2327 v. Placebo in Generalized Anxiety Disorder	1992-1994
Long term Treatment with DN 2327 in Anxiety	1993-1994
Nefazadone in the Treatment of Depression in General Psychiatric Practices, an open label trial	1993-1995
Outcomes Round Table, Johns Hopkins University	1996-1998
Open Label Trial of Aricept for Traumatic Brain Injury	1997
Quetiapine Experience with Safety and Tolerability	1997-1998
Paroxetine in PTSD	1999
A double-blind, placebo controlled, parallel group assessment of the selegiline transdermal system in the prevention of relapse of symptoms associated with major depression	1999-2001
The Combination of Olanzapine and Fluoxetine in Treatment Resistant Depression Without Psychotic Features	2000-2001
An Open-Label, Compassionate Use Study of the Selegiline Transdermal System in Patients with Major Depression	2000-2003
A Double Blind, placebo controlled, 3 arm fixed dose study of paroxetine CR continuous treatment for Premenstrual Dysphoric Disorder	2001-2002
A MultiCenter, Double-blind, Randomized Comparison of the Efficacy and Safety of Quetiapine Fumarate and Risperidone in the Treatment of patients with Schizophrenia	2001-2002
A 3-month, double-blind, placebo controlled, fixed dose, extension study of paroxetine CR continuous treatment for PMDD patients completing 29060/689	2001-2002
A Randomized, Double Blind, Placebo Controlled, Flexible Dosage Trial to Evaluate the Efficacy and Tolerability of Paroxetine CR in Patients with Generalized Anxiety Disorder	2001-2002
A Randomized, Double-Blind, Parallel-Group, Placebo Controlled Study Evaluating Efficacy and Safety of SB-659746-A versus Placebo in Patients with Major Depressive Disorder	2001-2002
Examining Clinical Experience with Escitalopram in Depression	2002
A 6-1/2 Month, Multicenter, Randomized, Double-Blind, Placebo Controlled Comparison of 300 mg/day of Wellbutrin XL and Placebo for the Prevention of Seasonal Affective Disorder in Subjects with a History of Seasonal Affective Disorder	2002-2003

A Multicenter, Double-Blind, Randomized, Placebo-Controlled Comparison of the Effects on Sexual Functioning of Extended-Release Bupropion Hydrochloride and Escitalopram in Outpatients with Moderate to Severe Major Depression over an Eight-Week Treatment Period	2002-2003
A 7 Month, Multicenter, Double-Blind, Randomized, Placebo-Controlled Comparison of 150-300 mg/day of Extended-Release Bupropion Hydrochloride and Placebo for the Prevention of Seasonal Affective Disorder in Subjects with a History of Seasonal Affective Disorder followed by an 8 week Observational Follow-up Phase	2003-2004
Lilly Emotional and Physical Symptoms of Depression Study	2003-2004
An Open Label Study of Tolerability, Clinical Response, and Satisfaction in Adult Bipolar I Subjects Optimizing Initiation of Therapy Using Administration of Dermatological Precautions and Lamictal Titration Packs, Phase IV Study	2003-2004
Optimizing Administration of Lamictal: SCA40917. An Open Label Study of Tolerability, Clinical Response, and Satisfaction in Adult and Adolescent Bipolar I Subjects Optimizing Initiation of Therapy Using Administration of Dermatological Precautions and Lamictal Titration Packs, Phase IV Study	2004-2005
A 52 Week Multi-centre, Double-blind, Randomized, Withdrawal, Parallel group, Placebo-controlled, Phase III Study of the Efficacy (Time to Event) and Safety of Quetiapine Fumarate Sustained Release (Seroquel SR) 50, 150, 300 mg/day as Monotherapy in the Maintenance Treatment of Patients with Major Depressive Disorder Following a 16 Week, Open-Label Stabilisation Period	2005-2006
A Six-Week, Double-Blind, Multicenter, Placebo Controlled Study Evaluating the Efficacy of Flexible Doses of Oral Ziprasidone as Add-On, Adjunctive Therapy with Lithium, Valproate or Lamotrigine in Bipolar Depression	2007-2008
A Randomized, Double-Blind, Parallel-Group, Placebo-Controlled, Fixed-Dose Study Comparing the Efficacy and Safety of 2 Doses of Lu AA21004 in Acute Treatment of Adults With Generalized Anxiety Disorder	2008-2009
A Phase 2, Multi-Center, Randomized, Double-Blind Placebo Controlled Study to Evaluate the Safety and Tolerability of Dimebon (PF-01913539) For Up To 26-Weeks In Patients with Mild to Moderate Alzheimer's Disease	2009-2010
An Open Label Extension to the B1451027 Protocol to Evaluate the Long-Term Safety And Tolerability of Dimebon (PF-01913539) in Patients with Alzheimer's Disease	2009-2010
A Phase 2, Multi-Center, Randomized, Double-Blind, Placebo-Controlled Study to Evaluate the Safety and Tolerability of Dimebon (latredipine) in Subjects with Reduced CYP450 Metabolism (B1451051-1041)	2010
A Phase 3, Randomized, Double-Blind, Parallel-Group, Placebo-Controlled, Fixed-Dose Study Comparing the Efficacy and Safety of 2 Doses (10 and 15 mg) of Lu AA21004 in Acute Treatment of Adults with Major Depressive Disorder	2010-2011
A Multicenter, Randomized, Double-Masked, Placebo-Controlled, Parallel Study to Investigate the Safety and Efficacy of 20 mg Tasimelteon versus Placebo in Adult Subjects with Major Depressive Disorder Followed by a 52-week Open Label Extension	2011
Collaborating Physician Investigator for the DSM-5 Field Trials	2011-2012

National Disease and Therapeutic Index Study Participating Member	2012-2016
A Phase 3, Open-Label, Safety and Tolerability Study of NBI-98854 for the Treatment Of Tardive Dyskinesia	2015-2016
